GRAND CHUTE LIFTS BURNING BAN

Rainfall, Cooler Temperatures Reduce Threat

GRAND CHUTE – As a result of precipitation and cooler temperatures, the burning ban previously imposed on the Town of Grand Chute has been lifted as of 4/21/2015. We will continually assess environmental conditions, and monitor recommendations from partner agencies to determine the necessity of any future burning restrictions.

While the fire danger has diminished significantly, we remind everyone to exercise caution and ensure the necessary safety measures are in place when enjoying recreational fires. We appreciate the level of cooperation we received while these burning restrictions were in place, and thank you for your assistance in preserving the safety of our community.
