UTILITY POLE STRUCK BY SEMI-TRUCK

No Injuries Reported; Utility Service Remains Disrupted

GRAND CHUTE – On Friday April 22nd at 2:26 PM the Grand Chute Fire Department was dispatched to the area of South Van Dyke Road and South Nicolet Road for a report of a vehicle which had struck a utility pole. First arriving crews confirmed a single-vehicle accident involving a semi-truck with electrical wires down. No injuries were reported, and there is no current threat to public safety. At the time of this release, We Energies is on location working to restore electrical service to the area which was disrupted as a result of the accident. As a result of the access issues created by these ongoing efforts, the area should be avoided if possible.
