

Utility Payments made easy!

Payment Always Made on the Due Date

Save Time and Postage

Avoid Late Charges

How does the Direct Payment Plan work?

Each quarter, just as you do now, you will receive a utility bill showing your utility charges. **On the due date**, your bank will automatically deduct that amount from your designated account. Your direct payment plan will remain in effect until you notify us to change or cancel the plan.

When can my Direct Payment Plan go into effect?

You must **allow 30 days for set up**. If your utility payment is due in the next 30 days, you will need to make that payment with a check. The following quarter your payment will be automatically withdrawn.
